Greater New Orleans and Baton Rouge Alumnae Club

A Letter from the Club President:

Dear Sisters,

I hope everyone stayed cool this summer. After a short hiatus for the oppressive heat, GNOBR is back in action. We have met with the International Vice President of Extension and are hopeful that with an Alumnae Club in the area, a new undergraduate chapter may be opened in the future. To show them that we have the alumnae base to support such an organization in Louisiana, I need to know who has the time to dedicate to advising and support positions. If we have the capacity and the interest, we can approach Interna-

tional with more than a wish and a prayer, we can show them that we have the capacity and the dedication! Please email LouisianaAGDA-lum@gmail.com if that is a commitment you would be willing and able to make over the next several years.

The Club also has a new Facebook page. We'd love it if you would join the group. It's yet another way to keep up to date on upcoming events and a place to share photos and memories.

If you know someone who wasn't at an event you think might be interested, we want to hear about her. The Facebook page is a

great way to get her connected. After all, the more the merrier!

IRD 2011 was held at The Cabin Restaurant in Burnside, LA this year and it was lovely to see our sisters there and meet new alumnae too!

The Alumnae Club is also still looking for a Baton Rouge area events coordinator. We also still need people to help plan fundraisers and Philanthropy events.

I hope you enjoy your newsletter and we hope to see you at some events soon!

Loyally,
Catherine Desmarais

Special points of interest:

- We are looking to gauge interest and availability of alumnae volunteers for potential extension efforts

What's going on at Tulane?

Tulane University has announced that they are going to be adding a new women's Fraternity to the campus in 2013. A group has not been chosen yet and International is looking into the possibility of putting in an application. What does this mean for us? It means we need to get together a group of alumnae that have the time and interest to provide support to a new undergraduate chapter should AGD colonize at Tulane. We need people who could serve as advisors and in other supporting roles. Why now? Because alumnae support is vital to helping a new chapter succeed. So please let Catherine know if you are interested so we can show International that we have the volunteers to help an undergraduate group thrive.
